

## GORDON L. BENNER

**President of Construction**  
**36 Years of Experience**

---

*“Our mission is to provide the best quality at the best price, not only from a construction standpoint, but also from a marketing standpoint, to make leasing easier. We design and build based on market need – few developers do that.”*

---

---

### Responsibilities

Gordon and his team represent 100 years of combined experience, and account for more than 20,000 units of construction in 15 states. Gordon oversees all construction of multi-family projects. He is responsible for budgeting and monitoring new projects, bidding and contract negotiations, vendor and sub-contractor selection, and working closely with the development and management teams to guarantee projects are done right and on time.

---

### Professional Experience

Gordon is regarded as one of the foremost experts in multi-family construction in the United States. He has been involved in all phases of the construction business, including budgeting, bidding and negotiating contracts, selecting subcontractors and vendors, monitoring job costs, overseeing the actual construction site, and acting as liaison to the development team. Construction projects have included multifamily dwellings, commercial buildings, historical renovations, schools, restaurants, and churches. His experience includes:

Summit Properties – Charlotte, North Carolina  
*Vice President/Project Manager*

Global Construction Co., LLC – Houston, Texas  
*Project Manager*

Benner’s Consulting Service – Houston, Texas  
*President*

Trammel Crow Residential – Houston, Texas  
*Project Manager*

---

### Education

BA, University of Houston, Houston, Texas

---

### Personal

Gordon is married with two children. Gordon volunteers for the Washington Township Lions and various other organizations.
