

JESSE FISHER

Director, A&E Services
13 Years of Experience

“At Flaherty & Collins my main responsibility is to strive for a high-quality project by coordinating a design team to ensure we produce the product and projects that we are known for.”

Responsibilities

As a member of the development and construction teams Jesse assists with all new projects and the overall process of market rate multi-family developments. His responsibilities include assistance with the design of marketing materials and the review and coordination of architectural drawings and multi-family site layouts.

Professional Experience

Jesse brings to Flaherty & Collins a solid background in architectural services and construction. He has been involved in all phases of development and construction. During the past eight years, he was a member of the Managing Architect and Owners Representative for Chicago Public Schools. His specific experience includes:

OWP/P Architects – Project Coordinator
Chicago, IL

Accreditations/ Organizations

U.S. Green Building Council – Member
LEED-AP Certified
Boston Architectural College – Sustainable Design Certificate (Currently Enrolled)

Education

University of Maryland, College Park, MD

Personal

Jesse enjoys traveling to Spain and spending time with his niece and nephew.
