

## MICHAEL R. STUFFLEBEAM

**Project Manager**  
**29 Years of Experience**

---

*“As construction asset manager, one of the greatest services I provide to our clients is caring: caring about their goals and their satisfaction with our end product. We meet customer goals by listening, understanding, and sharing their vision for a specific project or property. At Flaherty & Collins, we care about our clients, and will settle for nothing less than outstanding work delivered on time and within budget.*”

---

---

### **Responsibilities**

Mike is responsible for all Flaherty & Collins capital improvements to company-managed properties. He completes assessment, develops the work plan, and monitors these projects for quality assurance. Mike has also served as project manager on several large rehab projects and HUD’s Hope VI housing development in Muncie.

---

### **Professional Experience**

Mike brings considerable knowledge and expertise to his position at Flaherty & Collins, with over 29 years in the industry. He owned his own construction company that specialized in single and multifamily rehabilitation and remodeling. His specific experience includes:

Stufflebeam Construction Company – Indianapolis, Indiana  
*Owner, President*

Eastside Community Development Corporation – Indianapolis, Indiana  
*Rehab Specialist Instructor, HUD YouthBuild Program*

John Deere Harvester Works – East Moline, IL  
*Setup Engineer/Welder*

---

### **Education**

BA, University of Illinois, Champaign/Urbana, Illinois  
Graduate courses, Abilene Christian University, Abilene, Texas

---

### **Personal**

Married, three children. Mike enjoys running and playing golf.
